Accounting (ACCT1001)

Issued by: SOPHIA Learning

Issued to: Hasan Aljahouse

Issued on: 29 June 2022

Description

Students in this course will master the fundamental principles and procedures of the modern practice of accounting. Students will gain practical experience with bookkeeping and preparing financial reports within the context of operating a sole proprietorship.

Course Number: SOPH-0010 (v.3)

Total Credits: 3

Grade: Pass

Credit Recommendation

- 3 semester hours in accounting, financial accounting, or principles of accounting in the lower-division undergraduate category

Introduction to Business (BUS1001)

Issued by: SOPHIA Learning

Issued to: Hasan Aljahouse

Issued on: 29 June 2022

Description

Students in this course will understand the fundamentals of businesses of all sizes. Students will examine the environment of business, the art and science of marketing, what successful management of human resources looks like, and the basics of business finance and business investment.

Course Number: SOPH-0014 (v.3)

Total Credits: 3

Grade: Pass

Credit Recommendation

- 3 semester hours in introduction to business in the lower-division undergraduate category

Principles of Finance (FIN1001)

Issued by: SOPHIA Learning

Issued to: Hasan Aljahouse

Issued on: 30 June 2022

Description

Students in this course will be introduced to the fundamental principles of finance. Students will learn about the operating environment of the firm, financial statements, and financial ratios. Students will also learn about the time value of money, the characteristics of market instruments, the process of capital budgeting, and elements of working capital management.

Course Number: SOPH-0033 (v.1)

Total Credits: 3

Grade: Pass

Credit Recommendation

- 3 semester hours in principles of finance in the lower-division undergraduate category

Project Management (PM1001)

Issued by: SOPHIA Learning

Issued to: Hasan Aljahouse

Issued on: 30 June 2022

Description

Students in this course will go through the life cycle of managing a project, from designing the scope to completing the project and celebrating success. Along the way, students will gain applied experience with project planning as well as managing project resources and risks.

Course Number: SOPH-0013 (v.3)

Total Credits: 3

Grade: Pass

Credit Recommendation

- 3 semester hours in project management in the lower-division undergraduate category

Introduction to Information Technology (CS1001)

Issued by: SOPHIA Learning

Issued to: Hasan Aljahouse

Issued on: 30 June 2022

Description

Students in this course will gain an overview of information systems, including hardware and software components, networking, database management, and issues related to privacy, security, and ethics. Students will learn how computers represent, store, and process information and how businesses and organizations use technology and information systems to make decisions.

Course Number: SOPH-0023 (v.2)

Total Credits: 3

Grade: Pass

Credit Recommendation

- 3 semester hours in introduction to information technology and basic computing in the lower-division undergraduate category

Introduction to Relational Databases (CS1011)

Issued by: SOPHIA Learning

Issued to: Hasan Aljahouse

Issued on: 3 July 2022

Description

Sophia's Introduction to Relational Databases course will build mastery of foundational commands in SQL, with a focus on PostgreSQL. Students will actively practice writing SQL queries in a modifiable database. Their hands-on work will build their understanding of the key aspects of operating a database. Students will also get an introduction to challenges in administering

and designing databases.

Course Number: SOPH-0047 (v.1)

Total Credits: 3

Grade: Pass

Credit Recommendation

- 3 semester hours in Relational Databases in the lower-division undergraduate category

Introduction to Web Development (CS1005)

Issued by: SOPHIA Learning

Issued to: Hasan Aljahouse

Issued on: 3 July 2022

Description

Earners of this badge learn the basic computer concepts essential to becoming a web developer. They know how the internet works and understand the history of web development. Learners explore the roles of software engineering and web development to distinguish their responsibilities and know what a day in the life of a web developer is like. This course is for anyone who wants to learn the different technologies that make a website and practice coding in an easy and accessible environment.

Course Number: SOPH-0043 (v.1)

Total Credits: 3

Grade: Pass

Credit Recommendation

- 3 semester hours in web development in the lower-division undergraduate category

Introduction to Chemistry (CHEM1001)

Issued by: SOPHIA Learning

Issued to: Hasan Aljahouse

Issued on: 3 July 2022

Description

Students are introduced to the basic principles of general chemistry related to majors in a non-

STEM discipline. This course explains the chemical principles using applications in our daily lives as examples. Students will learn to relate the macroscopic worlds (what we see) with the microscopic world (where most chemistry takes place). Students will explore many aspects of chemistry that affect our daily lives, including atmospheric, environmental, and organic chemistry, and biochemistry.

Course Number: SOPH-0056 (v.1)

Total Credits: 3

Grade: Pass

Credit Recommendation

- 3 semester hours in general chemistry in the lower-division undergraduate category

Visual Communications (VisComm1001)

Issued by: SOPHIA Learning

Issued to: Hasan Aljahouse

Issued on: 4 July 2022

Description

Students in this course will have an introduction to basic concepts of visual design, helping you apply these concepts in context. Students will explore visual theories of communications and key elements and principles of design, with an emphasis on color, typography, and layout. Students will also learn how to analyze a visual design and understand the role that visual designs play in today's society.

Course Number: SOPH-0009 (v.4)

Total Credits: 3

Grade: Pass

Credit Recommendation

- 3 semester hours in visual communications in the lower-division undergraduate category

Art History II (ArtHist1002)

Issued by: SOPHIA Learning

Issued to: Hasan Aljahouse

Issued on: 4 July 2022

Description

Students in this course will master fundamentals of art history from the Renaissance to 1800 AD. Students will explore art exhibits, analyze buildings and architecture, and examine art in everyday life.

Course Number: SOPH-0029 (v.2)

Total Credits: 3

Grade: Pass

Credit Recommendation

- 3 semester hours in history of western art II in the lower-division undergraduate category

Introduction to Ethics (PHIL1002)

Issued by: SOPHIA Learning

Issued to: Hasan Aljahouse

Issued on: 5 July 2022

Description

Students in this course explore philosophical approaches to understanding morality and evaluating moral actions. In this course, students will learn about a variety of normative ethical theories and apply these theories to real-world ethical issues. With an understanding of the strengths and weaknesses of major approaches to ethics, students will build the critical thinking skills necessary to justify ethical positions.

Course Number: SOPH-0020 (v.2)

Total Credits: 3

Grade: Pass

Credit Recommendation

- 3 semester hours in philosophy, humanities, or ethics in the lower-division undergraduate category

Environmental Science (ENVS1001)

Issued by: SOPHIA Learning

Issued to: Hasan Aljahouse

Issued on: 5 July 2022

Description

Students in this course will develop an understanding of the scientific principles and processes that shape our environment, as well as the impact of human activities; apply knowledge of a wide range of environmental issues in context, including limitations on natural resources, endangered species, pollution, and climate change; and engage with these issues by analyzing current policies and efforts relating to environmental issues, as well as possible future solutions.

Course Number: SOPH-0016 (v.3)

Total Credits: 3

Grade: Pass

Credit Recommendation

- 3 semester hours in environmental science in the lower-division undergraduate category

Human Biology (HumBio1001)

Issued by: SOPHIA Learning

Issued to: Hasan Aljahouse

Issued on: 5 July 2022

Description

Students in this course analyze fundamental biological principles from a human perspective. Course topics include the molecular and cellular basis of life, genetics, organ systems, and the impact of nutrition and exercise on human health.

Course Number: SOPH-0002 (v.4)

Total Credits: 3

Grade: Pass

Credit Recommendation

- 3 semester hours in biology (non-majors) in the lower-division undergraduate category

Conflict Resolution (ConRes1001)

Issued by: SOPHIA Learning

Issued to: Hasan Aljahouse

Issued on: 5 July 2022

Description

Students in this course gain mastery of the basic concepts of conflict resolution and learn how to apply these concepts in real-world situations and their own lives. Students will explore key theories and skills associated with conflict resolution in a variety of contexts, including organizational, intercultural, family, and interpersonal.

Course Number: SOPH-0007 (v.4)

Total Credits: 3

Grade: Pass

Credit Recommendation

- 3 semester hours in conflict resolution in the lower-division undergraduate category

Macroeconomics (ECON1001)

Issued by: SOPHIA Learning

Issued to: Hasan Aljahouse

Issued on: 5 July 2022

Description

Students in this course will explore and interpret the behavior of economies and countries at both national and international levels. Through this exploration, students will learn how to evaluate decisions on monetary and fiscal policy. Students will also learn how to apply conceptual principles of macroeconomics in practical ways to everyday life.

Course Number: SOPH-0012 (v.3)

Total Credits: 3

Grade: Pass

Credit Recommendation

- 3 semester hours in introduction to macroeconomics, principles of macroeconomics, or fundamentals of macroeconomics in the lower-division undergraduate category

Microeconomics (ECON1002)

Issued by: SOPHIA Learning

Issued to: Hasan Aljahouse

Issued on: 5 July 2022

Description

Students in this course will understand the principles of economics related to the behavior of individuals and firms in making decisions on the allocation of resources. Students will learn the role of government in promoting greater efficiency and equity in the economy and how to evaluate decisions with an economic lens.

Course Number: SOPH-0011 (v.3)

Total Credits: 3

Grade: Pass

Credit Recommendation

- 3 semester hours in principles of microeconomics or introduction to microeconomics in the lower-division undergraduate category

US History I (HIST1001)

Issued by: SOPHIA Learning

Issued to: Hasan Aljahouse

Issued on: 6 July 2022

Description

Students in this course will build knowledge of key events and figures in the history of the United States from American prehistory through the era of Reconstruction. This course emphasizes critical thinking skills and consideration of multiple perspectives through the analysis of primary sources. Students will learn how to think like a historian and apply a historian's lens to real-world situations.

Course Number: SOPH-0022 (v.2)

Total Credits: 3

Grade: Pass

Credit Recommendation

- 3 semester hours in US history or American history in the lower-division undergraduate category

US History II (HIST1002)

Issued by: SOPHIA Learning

Issued to: Hasan Aljahouse

Issued on: 6 July 2022

Description

The course builds student knowledge of key events and figures in the history of the United States from the post Reconstruction era through 2015. It emphasizes critical thinking skills and consideration of multiple perspectives through the analysis of primary sources. Additionally, students will learn how to think like a historian by utilizing primary and secondary sources to better understand historical events and applying a historian's lens to real world and modern day situations.

Course Number: SOPH-0025 (v.2)

Total Credits: 3

Grade: Pass

Credit Recommendation

- 3 semester hours in US History since 1877 in the lower-division undergraduate category

AMERICAN COUNCIL ON EDUCATION TRANSCRIPT LEGEND

This official transcript contains credentials evaluated by the American Council on Education. The following policies apply only to ACE validated and endorsed credentials within the transcript. The American Council on Education's Learning Evaluations connects workplace learning with colleges and universities by helping adults gain access to academic credit for formal courses and examinations taken outside traditional degree programs. ACE is the national leader in the evaluation process for education and training obtained outside the classroom.

ACE Learning Evaluations reviews are conducted by experienced college and university faculty who assess the content, scope, and rigor of an organization's educational program and make appropriate recommendations for comparable college credit and competencies achieved by students. For more information on processes and standards for ACE reviews, visit <https://www.acenet.edu/Programs-Services/Pages/Credit-Transcripts/Colleges-Universities.aspx>.

DEFINITIONS

American Council on Education Endorsement: Credentials that carry an ACE endorsement of recommended college credits or validated competencies are designated by the ACE logo in the left margin.

Name: Legal name as entered by the student at the time of transcript request. Because students may complete courses from multiple organizations, each credential also includes the name under which the credential was issued for tracking and verification if necessary.

Credly ID#: Due to a system of record change in 2019, student ID numbers may not match numbers on older ACE transcripts.

Issued on: The date when the student completed the associated credential.

Courses: ACE-endorsed credentials include a unique identifier that ACE assigns to courses and examinations. The letter prefix designates the organization providing the experience. Duplicates may appear if a student took and passed a course or examination more than once.

Credit Recommendations: Recommendations for college credit are designated in semester hour units (SH). Each recommendation includes a total number of SH credits recommended and a breakdown of one or more subject areas and credit levels. Levels for which recommendations are issued include Vocational/Certificate, Lower Division (100-200 level courses), Upper Division (300-400 level courses), and Graduate (500+ level courses).

Grade: ACE-endorsed credentials are only included on this official transcript if the student achieved a passing grade. ACE-endorsed courses and exams meet the following minimum grading requirements: Students must earn a minimum "C" grade for Vocational/Certificate, Lower Division, and Upper Division credit and a minimum "B" grade for Graduate level credit.

RESOURCES

Additional information on ACE-endorsed educational programs, such as learning outcomes, assessment methods, etc. can be found in the National Guide to College Credit for Workforce Training at <https://www.acenet.edu/national-guide/>. Military training and occupations that carry college credit recommendations can be found at The ACE Military Guide at: <https://www.acenet.edu/Programs-Services/Pages/Credit-Transcripts/military-guide-online.aspx>.
